ground floor, there is an office space of unspecified purpose, and three-phase electricity with limiters 3 x 16 A has been installed, and water and drainage have been brought to two locations. On the first floor, there are two residential units, each 50 m². One apartment is completely finished, while in the other apartment exterior PVC joinery, benches, and all the installations have been made. The second floor is designed for one residential unit, but two were built, one of which has a built-in control water meter, and the other an electricity control meter. With a minor and simple operation, it is possible to adjust the floor according to the original project. On the second floor, exterior joinery, benches, and all installations have been installed, while the reinforced concrete roof slab has already been poured. Also, rafters and boards are available for finishing the roof. The house has all electricity and water installations and is built with quality materials. This property represents an ideal opportunity for investors or families looking for adaptable living space in an attractive location in Malinska, with the option of finishing it according to their own needs and tastes. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 30691
