Description

Description:	<p>ISTRJA, MARČANA - Two buildings with construction started Marčana is a municipality in the southeast of the Istrian peninsula. It is located about 12 km northeast of Pula, the largest city in Istria. It is known as a destination for the sea, holidays, wine and olive oil. Marčana is an ideal destination for anyone looking for a vacation away from the summer bustle and overcrowded tourist centers - its 36 kilometers of coastline is the least urbanized coastal zone in Istria with crystal clear sea and lush greenery in the hinterland. In a quiet neighborhood, there is a stone house for adaptation, which extends through the ground floor, first floor and attic, which will be functionally usable. The house has 51 m² of gross floor plan area. It is located on a plot of 114 m². The exterior walls are in excellent condition, new mezzanine structures have been made and a new roof will be made, which is included in the price. The building is connected to the water and electricity network, and a septic tank was built for the needs of waste water. It is a stone Istrian house, the middle one in a row, which needs renovation. An ideal property for a peaceful family life and for lovers of Istrian houses.
