Description

Description:

Pula - two apartments for sale 50 meters from the sea! In the extreme south of the Istrian peninsula is its largest city, Pula. The urban area of STOJA is 3 km from the historic center of Pula and is surrounded by lush pine forest and Mediterranean vegetation and beaches that descend gradually into the sea. In this natural oasis, just 50 meters from the sea and pebble and rocky beaches, there is a stone house surrounded by untouched nature and a large garden where two apartments are for sale. The larger apartment with a total living area of 107m² is located in the attic, and the smaller apartment of 24m² is located in the garden. The apartments are connected by a garden and terraces and are sold together. The larger apartment in the attic of 107m² is entered from the ground floor, which is surrounded by a beautiful Mediterranean garden. Due to the configuration of the terrain, the attic is on the ground floor on the northwest side. The apartment was completely renovated in 2020 in accordance with modern interior design trends. The rooms are air-conditioned and the apartment has gas-fired central heating. It consists of an entrance area on the west side, 2 large bedrooms and a spacious living room with a view to the south, a kitchen equipped with the most modern electrical appliances with a dining room on the southwest, an anteroom in front of the bathroom and a bathroom on the east. The spaces on the south and southwest side have an open view of the sea and beautiful bays. The apartment also has a large terrace (southwest) of 30 m² with an unforgettable view of the sea and sunsets. A smaller apartment of 24m², located in the garden, consists of a bedroom, a bathroom, an anteroom with a wardrobe and a living room with a kitchen. The terrace, yard and garden connect two residential buildings. Both apartments are sold furnished and are ready for new owners. In addition to the listed residential buildings, courtyard, garden and plot, it is also possible to purchase an exclusive right to build with a valid building permit for the construction of an additional two floors, which provides the opportunity to invest and expand without delay. This apartment is ideal for everyone who wants a pleasant, relaxing life and vacation on the seashore, far from the bustle and noise, but close to the shopping center, bike paths, sports fields, outdoor gyms, children's playground and other facilities. The agency commission is charged in accordance with the General Terms and Conditions available on the website www.elite-nekretnine.hr/opci-uvjeti-poslovanja.
