the way through Žminj and its surroundings you will come across many stone houses, each with its own story. Centuries-old Istrian stone houses have been converted into agritourisms, so you can taste local Istrian cuisine, and on the last Saturday in August, the traditional Bartulja feast is held, the biggest folk feast that Istrians and their guests never miss. Just a few minutes' drive from the center of Žminj, this unique holiday home is located surrounded by nature and greenery. The house is secluded, with the first neighbors 450 meters from the house, thus providing enough privacy and peace to the future owners. Its living area of 100 m² is spread over the ground floor and first floor. The ground floor consists of a kitchen, dining room, living room and bathroom. We climb the internal staircase to the first floor, where there are two bedrooms and two bathrooms. The house also has a basement of 12 m². The spacious garden area of 2,781 m² has a swimming pool with a sunbathing area, a massage tub and a covered terrace under which there is a table for outdoor dining and spending time with the family. Next to the pool there is also a round kažun with an area of about 18 m². Kažun is currently used as a storage space, but the future owner can arrange it according to his wishes. For tin pets, you can use the garage of approx. 40 m² or park in the garden - more parking spaces are available. The house is categorized with 3* and has been successfully rented for years so that the new owner can quickly take over the job. There is a possibility of buying another 2,000 m² of garden. Opportunity! Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 30830
