Description

Description: Angelus real estate offers for sale an attractive plot of land with a total area of 2000 m², only 200 m from the sea. LOCATION: An attractive building plot is located on the island of Hvar, in Prapatna bay, which is not 9 km from the center of Jelsa. The island of Hvar, the sunniest and longest Croatian island, is famous for its uniqueness as one of the most "luxurious" Croatian islands, where a casual lifestyle and a centuries-old culture merge at a short distance from beautiful hills with luxuriant vineyards, preserved stone walls, to sunny beaches and bays. Jelsa is located in the central part of the island, a tourist center that is famous as the most desirable and most visited place on the island of Hvar. Due to its geographical location, Jelsa is an ideal starting point for numerous excursions and is very well connected to the mainland and catamaran lines, and is only 9 km from Stari Grad, the largest seaport on the island of Hvar. DESCRIPTION: The land is relatively rectangular with a total square footage of 2,000 m², of which 700 m² is for construction and 1400 m² is agricultural land. The land is located at a distance of 200 m from the sea and a beautiful pebble beach. The plot offers a spectacular open view of the sea, without the possibility of closing that view in the future. It is an ideal location for the construction of an urban villa (basement, ground floor, first floor and attic), in accordance with the PPU of the municipality of Jelsa. There is water and electricity on the plot. The property has great potential and we definitely recommend viewing it.
