Description

Description:	ISTRIA, ŽMINJ - One bedroom apartment in a modern new building If all roads
--------------	---

in Europe lead to Rome, then all roads in Istria lead to Žminj - the heart of Istria at an altitude of 379 meters. Since ancient times, Žminj has been an important traffic hub. It connected the entire Istrian peninsula. Due to its exceptional natural beauty, endless meadows, vineyards, rich fields, ancient forests and newly discovered caves, it is the right place for contact with nature. Green, healthy and sustainable tourism is characteristic of this municipality, which is impressive in terms of surface area, but also in terms of culture and gastronomy. The picturesque territory of Žminj has 33 settlements and 112 villages. Not far from the center of Žminj, a residential building is under construction, which extends through the basement, ground floor and one floor and contains a total of eight residential units. The architectural style of the building is modern, with clean lines and a minimalist design. Durable and reliable materials are used in the construction, which guarantee long-term satisfaction and security of housing. The space planning of each floor was carried out in detail, which resulted in a high-quality layout of the rooms, which guaranteed the full use of the space. The object of sale is an apartment with an area of 52.92 m² located on the first floor of the building. It consists of one bedroom, bathroom, pantry, hallway and an open concept space that unites the living room, dining room and kitchen with access to the terrace. The apartment has a storage area of 8.15 m² in the basement of the building. Parking spaces are purchased separately according to the corresponding calculation coefficient. This apartment in a new building within walking distance of shopping, cultural, educational and recreational facilities is an ideal opportunity for a comfortable family life as well as an investment for the purpose of tourist rental.
