Description

Description:	<p>ISTRIA, SKITAČA - Unique building plot with building permit for two modern villas The town of Skitača is located on the southernmost part of the Labin peninsula, on a clearing 425 meters high and surrounded by four hills, Goli, Oštri, Brdo and Orlić. It is they who protect the village from the sharp gusts of storms, which are a frequent occurrence in that area. Skitača was founded in the 15th century, when refugees were fleeing from the Turks, and the name, probably of Vlach origin, means people who move - vagrants. In this unique place in a prime location, land with a building permit for two modern villas is for sale. The land area is 2864 m². According to the project, the construction of two modern villas with a swimming pool is planned. Both villas have the same gross area of 260 m², each with its own swimming pool of 50 m². There is also a smaller additional building with an area of 50 m². On the ground floor there is a living room and a dining room, a separate kitchen, which has a double service and access to the outdoor terrace with a dining table, a separate area for the sauna, a toilet with a separate entrance, there is also a bathroom with a washing machine and a technical room. Upstairs there are three bedrooms, each with its own bathroom, sauna, trim cabinet. There is an infinity pool of 50m², a children's playground and parking for</p>

3 cars in the garden. The villa is equipped with underfloor heating and air conditioning in all rooms. The orientation of the villa is North-South, so all rooms are oriented to the South, with an open view of the sea. The land is gently sloping with a beautiful view of the sea, with its own access road and all the necessary infrastructure. The land on the south side borders plots that are not in the construction area and offers an unobstructed view of the sea. On the land there is a connection with a permit for the connection of a 15 kw solar power plant. A tank with a volume of 30,000 liters is planned for water, the possibility of drilling a well at a depth of 150 m - a source of 250 liters per minute. The facilities have a valid building permit, main and executive project. The land is located at an altitude of 420 meters. Ownership in order. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions.
