Description

Description:

Modern new building in Gripole, Building B1, apartment A, Rovinj The Gripole project is a new residential project in Rovinj, where 4 buildings will be built, each with 5 apartments, with parking and garage parking spaces. The attractive location of these future apartments is in a quieter part of Rovinj, i.e. Gripole, and the old town center is only 2.5 km away. \triangle Description of the apartment \triangle Two-story, three-room apartment, south-west orientation. The ground floor consists of: entrance area, toilet, storage room, kitchen and dining room and living room with internal staircase. On the first floor there are: 2 bedrooms, a dressing room and a bathroom. The outdoor space consists of covered terraces, a terrace with a pergola, a garden on the ground floor and loggias on the upper floor. Additional spaces: belonging to 2 parking spaces (in the garage and outdoors). The net usable area of the apartment is 87.23 m². The total calculation area of the apartment is 112.31 m². Construction and furnishing of the building according to a high quality standard with the aim of the best energy efficiency of each apartment. Installation of contact facade or ETICS ($U=0.28$ W/m²K) which is a compact multi-layer insulation solution designed to improve the energy efficiency of new buildings. Heating is provided via a heat pump, i.e. underfloor heating throughout the entire apartment. The apartment is cooled by two or one air conditioner (choice). As for floor coverings, there are several options for choosing ceramics for terraces and bathrooms, and quality parquet is provided in other rooms. Horticultural landscaping will be completed with grass, evergreen shrubs and Mediterranean plants, and the building will be surrounded by built-in lighting for an ambient impression. A photovoltaic power plant will be installed for the common consumption of electricity in order for the building to save common costs. ID CODE: IST-0482
