Description

Description:

Residential house with 3 storey apartments or apartments, completely newly adapted according to the turnkey system. Each apartment has a separate entrance, associated water and electricity connection, parking space and a large fenced terrace with barbecue. Only 900m away from the sea, the building is located in a very quiet apartment environment. The view of the sea stretches endlessly from the beautiful two-story apartment on the 2nd floor, while the apartment on the 1st floor offers a partial but very beautiful view of the sea and the Punat marina, which allows incredibly beautiful scenes at night and during the day. The residential house is completely ready for the season. Also, given the multi-level structure, it is also possible to sell each apartment or apartment separately. Each apartment is separately fully insured, including earthquake, and the rent is settled in one year. The residential house is owned by a company that is subject to VAT. Price negotiations are possible. ID CODE: 2377
