Description

Description:

In a peaceful and quiet location, just a few minutes from the center of Kastav, the construction of three residential buildings with three residential units has begun. The first building is scheduled for completion by December 2023. The apartment is located on the ground floor and has a total net area of 116.80 m². This apartment also has a garden of 70 m². The property consists of a hallway, 3 bedrooms, two bathrooms, a kitchen with a dining area, a living room, a covered terrace and a storage room. It also has two parking spaces. The property is sold according to the "turnkey" system. During the construction phase, it is possible to choose floor coverings, sanitary ware and other equipment. Underfloor heating will be installed throughout the apartment. It will certainly be a high-quality property, because the investors take care of the quality of materials during construction as well as furnishing the interior. I am available for all other information. ID CODE: 10707
