location with a view of the Maloston Bay! It is located 200 meters from the sea, has a regular shape and is slightly inclined towards the sea with all connections in the immediate vicinity. Ideal for building villas with swimming pools, which requires 500 m² per unit. It is a few minutes' walk from the sea and the first beaches, and a two-minute drive to the far-known town of Ston. With the opening of the Pelješki Bridge, our second largest peninsula gained in value and is no longer isolated as it used to be. Nature is fabulous, there is no shortage of beautiful beaches, and winemaking, olive growing and gastronomy are now more accessible. History is what makes this region even more attractive. Ston's walls and salt pans and the Maloston Bay, known for oyster cultivation since the ancient times of Roman rule in this area and protected as a nature reserve, are just some of the beauties of this area.
