Description

Description:	<p>Stanpromet.ba - real estate agency selects from its offer for sale a fantastic estate, 11,500 m² of perfection in a piece on which there is a house with auxiliary facilities in a very attractive location - Kremeš, Vogošća. Properties that are rare today, something that should be seen and experienced. The property has proper papers, an asphalt driveway to the house itself, and there are two springs on the property that never dry up, one of which is captured and used for household needs. The other source is unused and can potentially be used to power an artificial lake, a swimming pool, a mini pond... The house has an electricity connection, a telephone, its own sewage system, and the building can also be connected to the city water supply whose installations pass a few meters from the house. There are three auxiliary buildings on the plot, an orchard of about 50 plum trees plus several pear, sour cherry, cherry trees... and a spacious garden in operation. The house is of older construction, basically 11.45 x 10m and consists of a basement (three rooms), ground floor and attic. The ground floor of the house consists of an entrance hall, kitchen, bathroom, living room and four bedrooms. The attic consists of one room and is accessed by an external staircase. The property is exposed to the sun all day, and due to its location and altitude, it can be said to be a kind of air spa. The property offers a unique view of the surrounding nature. As such, it represents the possibility of a healthy and peaceful lifestyle in harmony with nature for the whole family, an opportunity to engage in agriculture or a potential opportunity to build tourist facilities, apartments, hotels or eco-villages.</p>
