Description

Description: ISTRIA, GROŽNJAN - Spacious land on the edge of the settlement The medieval town of Grožnjan is a hill surrounded by terraces of olive groves and vineyards. Once an important Venetian fortress and regional center, Grožnjan is today a city of artists and one of the most desirable destinations for a creative vacation. As in other towns in Istria, the Mediterranean and continental climates are intertwined here, so the living conditions are extremely favorable. It consists of 11 settlements. In this landscape of fairy-tale views, a spacious plot of land on the edge of the village is for sale. The residential building plot is immersed in peace, quiet and the charms of nature and offers complete privacy. According to spatial planning documentation, the land is located in the undeveloped part of the construction area of the settlement and is the last in the construction zone. The cadastral parcel has a regular rectangular shape, the terrain is slightly sloping and partially overgrown with low, medium and tall unkempt vegetation, it is accessed by an asphalted road and water, electricity and telephone connections are located near the land. Due to its microlocation, configuration, proper ownership and documentation, this land offers an exceptional opportunity to build several vacation homes and/or a family home. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions:
