Description

Description: **ISTRIA, RABAC** - Land with a view of the sea On the southeastern coast of Istria, where green hills meet the sea, where nature and heritage come together, there are two small towns of similar size, but with different but mutually complementary characters, just five kilometers apart - Labin and Rabac. Rabac, due to its white pebble beaches, rich Mediterranean vegetation and crystal clear sea, has been called the pearl of Kvarner. Once a small fishing village, today Rabac is an attractive tourist destination that hides a wealth of cultural events in a network of colorful streets. The green surroundings of Rabac and the picturesque hinterland invite you to adventure, research and recreation throughout the year. Not far from Rabac and Labin, there is a land for sale with a sea view. The land is located in a gentle settlement with vacation homes and family homes, offering a perfect balance of rural surroundings and proximity to the sea and urban amenities. The cadastral parcel has a regular rectangular shape, the terrain is slightly sloping, it is accessed by a neat macadam road, and the water and electricity connections are located next to the land. The land has a building permit for the construction of residential buildings and auxiliary buildings; pool with paid utility and water contributions. The project envisages the construction of an attractive prefabricated house of Mediterranean elegance, which, with its appearance and style, fits into the existing environment and luxurious landscape. This land offers an exceptional

opportunity to build a family home or holiday home. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions:
