The location is located at 1,300 meters above sea level in the heart of a coniferous forest, at the very entrance to the popular Babin Do. The tourist pearl of the Olympic beauty spreads over 11 hectares of land and offers rich sports and recreational content. Football field covered with natural grass measuring 80x120 meters with accompanying facilities in the form of changing rooms, stands and sanitary facilities. Playgrounds for indoor soccer, handball, basketball, and volleyball adapted for winter use, and an auxiliary field as well as a balloon hall with an artificial surface. In the central part of the complex are a sports hall and a hotel, and additional stars are given to the center by the fitness and spa area. We round off the story with the construction of a vertical ascent - a SKI lift for skiers from the center itself, thus rounding off the story of sports tourism throughout the year.
