Description

Description: This Vila consists of 3 floor and is located only 150m from the sea. Vila was completely renovated two years ago but it kept its original charming look, a lot of attention was paid to the functionality of the space, resulting in a bright and sunny living space. The residential part is divided into two floors, while on the ground floor there is a stone tavern and a small studio apartment. The upper two floors are connected by a spiral staircase enclosed in a glass dome in which an elevator is predicted not yet installed. At the top there are three bedrooms, the main of which has access to a balcony with an open view of the sea. There is also a bathroom. On the lower floor there is a spacious kitchen, a large, elegant dining room connected to the living room, a study and another bathroom. All rooms open onto a large balcony that surrounds the entire floor. Most of the furniture stays in the house.

The front yard is a real green oasis that hides a staircase that can be used to walk down to the sea in just a few minutes. In the garden there is a swimming pool, a large paved sunbathing area and a covered grill area. Parking is provided for three cars. A truly unique property that has preserved the old spirit of the Opatija Riviera with its decoration, the Mediterranean park that surrounds it and the fantastic view.
