Description

Description: Brseč, building land with total area of 2,580m², ideal for investment. I anticipated the formation of two construction sites, and one smaller plot that is intended for the trip. The 945m² plot has a main project, a valid building permit (by the end of 2023) and utilities are paid. The project is for a family house of floor plan area of 250m² with pool. The second plot of 1.235m² also has a main project for a floor plan area of 400m² with a pool. Documents for the building permit are submitted. The land is slightly sloped, has a sea view and is located along the asphalt road so it also requires infrastructure connections nearby. It is located in a quiet position, with an open sea view, in the surroundings of family houses and holiday properties. The location is great for holiday houses, located near the most beautiful beaches of the northern Adriatic, to the beach Klančac in Brseč is 2km away and to Mošćenička Draga 9km away. ID CODE: 8598
