Description

Description: Istria, Pula, surroundings This land is located in a small village 7 km from Pula. It is located in a quiet cul-de-sac surrounded by holiday homes, olive groves and vineyards. All the necessary amenities such as a school, shop, butcher, coffee bar and restaurant are located in the immediate vicinity. The first beaches are about a 15-minute drive away. The land covers 2300 m², half of which is construction land, and the other half is agricultural land, i.e. a beautiful olive grove. Olive trees

are not the only thing that adorns this land, there are also fruit trees such as pears, apples, walnuts and various others. On the land there is also a small wooden house that serves as a storage room and a small laundry room. This land is an ideal opportunity if you are looking for a natural oasis away from the hustle and bustle of the city, but still close to all the necessary amenities as well as quick and easy access to the city. The plot leaves enough space to build a house as desired with an already well-maintained olive grove and orchard. We are at your disposal for any additional information. ID CODE: 1037-338
