Description

Description: ISTRIA A fantastic Istrian modern stone villa (303m2) with a large garden (4213m2) is located in peace and quiet in the heart of the Istrian peninsula, surrounded by Mediterranean greenery and olive groves. The villa is a new construction with a charming combination of traditional Istrian elements such as stone and wood, but also modern and artistic details and equipment. Artwork and decoration by a local academic artist extends throughout the house, which gives this villa a special charm. It consists of the main building, where the living room with kitchen and dining room and 6 bedrooms with bathrooms are located on the ground floor (on the ground floor and on the first floor). The main house opens onto a spacious Mediterranean garden where there is a large swimming pool with a sun deck. The main building is connected to a smaller building by a glass corridor: in the glass part there is a dining room and an outdoor kitchen next to it, while in the smaller building there is a wine cellar. The villa has underfloor heating and air

conditioning. The villa has additional facilities such as a spa area with sauna and jacuzzi and sports facilities for children (outdoor playground, darts). It is located only 8 km from the medieval town of Svetvinčenta, it is easily reached by highway from the direction of Vodnjan, it is located only 19 km from Pula, the islands of Brijuni and Fažana, and in the surrounding area there are numerous Istrian taverns with traditional specialties such as fuž, truffle dishes and extra virgin olive oil and wines, for which Istria is widely known. The villa is very successfully rented out as a tourist, and can be an excellent investment or as a spacious second home located in the peace and greenery of Istria for anyone looking for complete privacy.
