## Description

Description: Are you looking for your piece of paradise on earth, clean mountain air and close to the city? Looking for a mountain corner bathed in the sun? You are in the right place!!! Stanpromet, ba - from its offer represents a mountain fairy tale at 1057m above sea level, only 15 minutes drive from Bašćaršija. For sale we offer two separate plots of land of 19,000 m<sup>2</sup> each in Hreša, municipality of East Stari Grad. Both plots have access directly from the asphalt and are located in a part of the settlement that is not densely populated, and as such provide the opportunity to enjoy the fragrant mountain air and the view of Ravna Planina, Bjelašnica and Trebević. The plots are exposed to the sun all day long, oriented southeast. Utility connections are located right next to the plots, which significantly facilitates construction. With their geolocation and available infrastructure, they provide the possibility of building residential and other facilities, both for individual construction and an idyllic life in the natural environment, as well as in terms of investment construction of tourist and residential facilities. The locality of Hreša itself has recently been increasingly recognized for its potential in terms of tourism and the natural beauty it abounds in, so it is right to expect that such an oasis close to the city can only gain importance and value in the future.
