Description

Description: LOCATION: The apartment is 2 km from the center of Pula, the largest city on the Istrian peninsula. The apartment is located in an apartment building 3 km from Pješćana Uvala and the first beaches, 10 km from Premantura - the protected

landscape of the Kamenjak nature park and beautiful kilometers of beaches, 7 km from Pula airport. The facility is located close to the main road, but the building is set back, so privacy and peace are ensured. The proximity of various key locations allows the residents of this new neighborhood to enjoy all the benefits of living with the highest standards. Its location so close to the city center, yet outside the center of the city crowd, enables a peaceful life in an attractive environment. The settlement looks like a village surrounded by green areas, yet it is well connected by the main traffic route, the Medulin road. DESCRIPTION: It is a two-room apartment of 54.58 m² located on the first floor of a new two-story apartment building. It is located near the Pula suburb of Valdebek, not far from the main road - Medulin road, close to the center of Pula. The apartment consists of an entrance, a living room, a kitchen and a dining room in an open space concept, with a total area of more than 18.12 m², which is oriented to the south with large glass walls towards the loggia. The living room leads to a spacious loggia of 6.66 m², also oriented to the south. The apartment has two bedrooms and a bathroom. The building is currently in the final phase of construction, in the phase of finishing works, and the apartment is available for purchase immediately. The building is built with high-quality materials, high-quality brick, and a thermal facade of 10 cm thickness is made. The apartment has electric underfloor heating in the bathrooms, hallway and living room. The apartment will be equipped with an air conditioning system, one indoor unit in each room. The entrance door is anti-burglary, while the windows are made of PVC joinery with integrated blinds. The price of the apartment also includes ceramics for bathrooms, sanitary ware and floor and wall coverings. The apartment is equipped with a dehumidification and ventilation system, so there will be no problems with stale air if the apartment is closed for a long time. The apartment also has one parking space at the front entrance of the building and a storage room that has access from the outside with an area of 2.58 m². The property is neat.
