Description

Description: KRK ISLAND, MALINSKA - Renovated apartment house near the sea An investment for tourism, given its position of only 100 m from the sea, the house has been used for renting for years and has regular guests who are always happy to return. The house has an area of 300 m², designed in 4 apartment units. There is one studio apartment and one two-room apartment on the ground floor. There is a three-room apartment on the 1st floor and another two-room apartment in the high attic. The house has a total of 10 bedrooms, 6 bathrooms and 3 living rooms. In the basement there is another studio apartment that is intended for the maintenance of the building, i.e. the accommodation of the person who will run the household, as well as the storage and washing of equipment. The house was completely renovated in 2019, when the roof was replaced, and the facade was contracted for November 2023, so that the buyer can participate in the final treatment in the

agreement. The heating is central for the floors in combination with gas, electricity and solar panels. There is also a water tank in the yard. All apartments are air-conditioned. It is sold fully furnished with all appliances. There is a house for storing tools on the beautifully landscaped garden, and there is enough space to build a swimming pool or install a jacuzzi. Malinska and its entire area is called Dubašnica and is located in the western part of the island of Krk. Until the 15th century, Dubašnica was almost devoid of permanent inhabitants, as was the area south of it, almost to the town of Krk. The name of the region comes from oak or oak, because there are rich forests and pastures with some arable land. Dubašnica was mainly an area of Omišalj, already before the 12th century, but part of it was also held by the Krk people. Malinska, from a port for the export of wood, has become a climatic health resort thanks to its mild climate with about 260 sunny days a year. Today, it is one of the island's strongest tourist destinations, known for its numerous beaches and developed hotel industry, as well as family tourism. Not far from Malinska is Porat, a quiet place where the population once lived from fishing, but today tourism has taken over the leading role. The name of the place comes from the Italian word porto, which means port. The beaches in Malinska and on the island of Krka are known as some of the best in Croatia. One of the advantages of the indented and wide coastline in Malinska is that the beaches, wherever you go, are never far away. The diverse coast of the island offers a wide range of beaches: from rocky, sandy and pebble beaches to hidden coves. Beaches for children, for the disabled, non-swimmers or the elderly, beaches for dogs, beaches for those looking for natural shade and proximity to parking spaces, lovers of sports activities and beach bars, but also an unofficial nudist beach - all this is offered by Malinska. Dear clients, the agency commission is charged in accordance with the General Business Conditions
