We proudly present this extraordinary opportunity to all those looking for a property that offers what they need for a safe and peaceful family home, as well as for all those looking for a property that represents a safe investment with a guaranteed return on investment. It is a high value and luxurious modern villa in the ROH BAU design. This property is ideal for all those who are ready to finish the property of their dreams themselves. However, future owners have the opportunity to agree on a turnkey sale with the current owner, so that they do not have to worry about the remaining works themselves. **PROPERTY DESCRIPTION:** This superb villa is located on a slightly elevated plot with a unique view of the sea and the Kvarner Islands, and consists of a total of 116.80 m2 of living space, which is divided into two floors. On the ground floor of the villa there is an entrance hall with a space for a wardrobe, which leads us to the living area designed according to the "open space" system, in fact it is a space without partition walls, open plan. A larger modern kitchen with an island, a spacious dining room sufficient for the whole family, and a comfortable living room with access to a covered terrace are planned here. What categorizes this area of the villa are larger openings with a planned installation of sliding glass walls, with the help of which the communication between the inner space of the villa and the courtyard is connected, and with which the view from the space opens to the garden with the swimming pool and to the sea, as well as a large amount of natural light passes through the space. The internal staircase, under which there is a storage room, leads to the upper floor of the villa, where a total of 4 bedrooms are planned, each of which has its own bathroom. Each of the bedrooms on this floor of the villa has the same view of the sea, but one of them is the master bedroom, with access to its own larger covered terrace, with an unrepeatable panoramic view of the sea and the Kvarner Islands. **DESCRIPTION OF THE GARDEN:** The villa is located on a comfortable garden of 521m2, where there is enough parking space for 3 to 4 cars. The parking lot is located in front of the villa, while the "infinity" swimming pool is located at the back of the villa, from which, while you are swimming, you can see the beautiful sea and islands. There is enough space in the garden of the villa to build and set up accompanying facilities, such as a summer kitchen with a barbecue, a green area ideal for relaxation or carefree play of your youngest family members or pets, a sunbathing area, and a rest and relaxation area. **ADDITIONAL INFORMATION:** * The price shown on the advertisement refers to the current condition of the house in the ROH BAU design, while future owners have the opportunity to negotiate with the owner a turnkey sales system, without furniture. * In addition to everything mentioned, the future owners have the opportunity to purchase an additional piece of agricultural land of 1038 m2, in order to expand their yard and enrich the property with numerous additional

contents. * Every part of the work performed is of excellent quality, the owners paid attention to every detail in order to ensure a high level of quality of the building. * The villa offers the maximum level of comfort and privacy, all thanks to its location. It is an oval located on the edge of the construction zone. * The property is in order, 1/1 owner, no encumbrances, the building permit has been issued and the title is valid.
