Description

Description: ISTRIA, UMAG - Spacious apartment in a new building Umag is an attractive Istrian town located on the far west of the Croatian coast and is well connected to other European countries. Umag, the city of tourism and sports, hides a rich history that can be felt while walking along the beautiful streets and promenades along the sea, and the old buildings in combination with the modern parts of the coast are a great combination. The city and its surroundings are characterized by an extremely mild Mediterranean climate, a large number of sunny days and an exceptionally

clean sea. Umag is a small town with a very branched and interesting coast with a variety of beaches. From sand and gravel, over stone and concrete to rocky beaches. In the hinterland there are beautiful hilly places-forts with incredible views and an amazing past, as well as many agritourisms with autochthonous delicacies and friendly hosts. Umag consists of 23 settlements. In the suburbs of the city of Umag, far enough from the crowds and noise but still close to the sea and all urban facilities, a residential building of modern architecture is under construction, which extends through the ground floor and two floors and contains a total of six residential units. In the construction, durable and reliable materials are used that guarantee long-term satisfaction and safety of living, including first-class sanitary ware and tiles, as well as aluminum carpentry with Stopsol glass and electric shutters. The building also has an elevator and the parking lot has a charging station for electric vehicles. The space planning of each floor was carried out in detail, which resulted in a combination of aesthetics, functionality and comfort of each apartment. The object of sale is an apartment with an area of 121.91 m², located on the second floor of the building. It consists of an open concept space that unites the kitchen, dining room and living room with access to a spacious terrace, three bedrooms, two bathrooms, a sauna with an entrance hall and a loggia. This apartment in a high-quality new building is an ideal opportunity for a comfortable family life as well as an investment for the purpose of tourist rental. The project is currently under construction and is for sale on a turnkey basis. The seller of the property in question is a legal entity.
