Additional information

Infrastructure: Electricity

Description

Description: Explore the charm of these two connected houses in Vrbanj, linked by a quaint bridge. The smaller house features two floors, each with 20 square meters of living space. The main house offers three floors, each spanning 43 square meters, with one floor already prepared for reconstruction. The lowest floor, once a wine cellar, is beautifully carved into stone and exudes rustic charm. This space includes a terrace and the potential to create a garage in front of the wine cellar. Both electricity and water connections are established but require updating. Conveniently accessible from the main road, this property promises an easier reconstruction process. Plus, the roof is in good condition, eliminating the need for immediate repairs.
