Description

Description:	<p>ISTRIA, LABIN - Beautiful land with a sea view On the southeastern coast of Istria, at the place where green hills meet the sea, where nature and heritage come together, there are two towns of similar size, but with different but mutually complementary characters - Labin and Rabac. The picturesque town of Labin rises on a high hill 320m, only five kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that characterized this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. In one of the many settlements of this charming town, this beautiful building plot is located only 400 meters from the sea, with a view of the sea. A partial view can already be seen from the ground floor, but the view from the first floor will be even more fascinating. The land has a conceptual project that the future owner can use for construction. According to the conceptual design, the house has a surface area of 160 m². The land has an area of 924 m², regular shape, with an access road and infrastructure right next to the field. Ownership is neat, 1/1 and no encumbrances! This land is a real opportunity to build a family home or a villa with a swimming pool. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 32054</p>
