Description

Description:	ISTRIA, UMAG - A terraced house with a swimming pool in a quiet village Umag
--------------	--

is a town on the west coast of Istria with a Mediterranean climate, and through 45 km of coastline gives the best introduction to a different Mediterranean experience. The history of this city is very interesting. It was discovered by Roman nobles and decided to appropriate it as a summer residence. The splendor and splendor of those times are still reflected today in the Venetian houses of the old town. The development of tourism is directly related to the development of agriculture - fertile soil is especially suitable for growing olives, tomatoes and vines and other crops characteristic of the Mediterranean climate. And when it comes to gastronomic offer, there are excellent seafood and meat specialties and local Istrian cuisine. Umag has also been declared the European City of Sports and is traditionally the host of many world-class sporting events, of which the ATP Croatia Open tennis tournament should certainly be singled out. The terraced house is located in an attractive position in a quiet and peaceful neighborhood. The location is favorable in every sense: it is connected with Umag (6 km - to the center of Umag), with the main road Umag - Koper (5 km - to the border crossing Plovanija - SLO). One of the most beautiful beaches of the Umag Riviera, Kanegra is only 2 km from the property, and a golf course and the elite Kempinski Resort are only 6 km away. The terrace offers a beautiful view of the lush greenery of Istrian forests and lush vegetation that provides much needed clean air. The ground floor has a living room, kitchen, bathroom and a larger terrace as an extension of the "open living room" with a glass wall. The terrace is partly covered - located below the upper floor. Upstairs are two bedrooms, one of which has a terrace on the courtyard side, a larger bathroom with toilets. The floors are connected by an internal staircase. The entire building is equipped with first-class material: built of poroterm block brick with demit facade, with built-in first-class tiles and Italian sanitary ware and high-quality PVC six-chamber, exterior carpentry with built-in aluminum shutters. The house is equipped with Daikin air conditioners, inverter, satellite TV antenna, telephone line, etc. In the garden there is a swimming pool and jacuzzi. The house is fully furnished. Ideal property for tourism or for a quiet family life! Dear clients, the agency commission is charged in accordance with the General Terms and Conditions:
