Description

Description: Senj, surroundings, Tourist land for the construction of a camp We have for sale a plot of land for the construction of a camp located only 20 meters from the sea. The land is located in the T-3 zone with complete infrastructure in the immediate

vicinity. This kind of land, very rare on the market, is ideal for building a motorhome and is in the first row to the sea, under the Jadranska magistrala. The conceptual project for the construction of the motorhome as well as the necessary infrastructure has already been created, thus making it easier and faster for potential investors to realize their plans. Investors can expand their business by purchasing an additional 3,000 m² of land in the same zone, providing additional opportunities for the development of a tourist project. ID CODE: 2008-58
