property dating from 1913 of Austro-Hungarian architecture, located 200 meters from the sea and numerous facilities. Besides the fact that the architecture and the location are special, what makes it different from other Austro-Hungarian buildings is the elevator that connects the ground-floor apartment with the three-story apartment on the next floor. We guarantee that you have never seen a story like this before, therefore, to fully understand this unique concept, it is recommended to visit the property. By purchasing the property in question, you become the owner of a 467 m² garden, which is adorned with beautiful tall trees providing plenty of shade, and the owner of two spacious and very specific apartments that extend over a total of 5 floors within the villa. Next to the villa, there is a space for parking spaces, and through a separate entrance we access the garden, which is currently being decorated with real stone. Through the courtyard/garden on the ground floor, we access the first part of this unique story, that is, we enter the apartment, which extends over two floors and has an area of 135 m² and offers 4 bedrooms, 3 bathrooms and one toilet. In the entrance area, there is an elevator that connects the two apartments, which actually unites the two residential units, turning them into a unique house. The elevator takes us to two additional floors, and upon exiting we arrive at another residential unit that extends to three floors. The second unit offers an area of 130.88 m² and 2 bedrooms, a study, two bathrooms, a storage room, a beautiful terrace with a view of the sea, two living rooms, a kitchen and a toilet. This concept offers countless possibilities for future owners. TECHNICAL CHARACTERISTICS: - several air conditioners for heating and cooling have been installed - gas central heating - new facade - new roof - new landscaping - elevator - PVC carpentry LOCATION: An exceptional position that offers you the first beach and many others within a 3-minute walk are located in the immediate vicinity.
