Description

Description:	The island of Krk, Baška - villa with seven apartments and a beautiful garden
--------------	---

Newly renovated villa with seven apartments, of which five are one-bedroom and two two-bedroom. Everything is superbly decorated with modern furniture, quality construction and provides an opportunity for a pleasant holiday. The garden is also beautifully decorated, surrounded by greenery, it has a swimming pool and sun deck, and barbecue. Parking for several cars is provided in the yard. Beautiful property that provides a great opportunity for tourism. Distance from the sea 500 m. Baška area in the southeast of the island is exceptional in some respects. When we climb up the Puntarska draga and cross the slopes of Treskavac at about 330 m, with the highest peaks of the island (Obzova, about 570 m) and suddenly and abruptly find ourselves in front of the Baška valley, we are surprised, almost out of breath. Because we were not prepared for such a game of nature, a combination of mountains and sea. Like other places in Krk, in the old part of this place there are narrow streets, houses close to each other so the atmosphere is typical Mediterranean. Apart from the beautiful beach, Baška is interesting for its characteristic architecture, numerous cultural and historical monuments and the surrounding excursion trails. The long and beautiful Baška beach, equipped with numerous leisure opportunities, is one of the most important reasons for coming; the beauty of the place you will walk through is like reading a textbook of coastal architecture, too. In Baška, as in a place 'at the end of the world', there are opportunities for boat trips to other islands (uninhabited Prvić, nearby Grgur and Goli, and to the nearby mainland (Senj). Dear clients, the agency fee is charged in accordance with the General Terms and Conditions
