MALINSKA and its entire area is called Dubašnica and is located in the western part of the island of Krk. Until the 15th century, Dubašnica was almost devoid of permanent inhabitants, as was the area south of it, almost to the town of Krk. The name of the region comes from oak or oak, because there are rich forests and pastures with some arable land. Dubašnica was mainly an area of Omišalj, already before the 12th century, but part of it was also held by the Krk people. Malinska, as the center of Dubašnica, was once an island port for the export of wood and a favorite tourist destination of the Viennese aristocracy. It was mentioned in the 15th century as a good anchorage where ships took shelter during strong winds, especially from the south. With the arrival of steamships in 1866, Malinska went from being a port for exporting wood to becoming a climatic health resort thanks to its mild climate with about 260 sunny days a year. Today, it is one of the island's strongest tourist destinations, known for its numerous beaches and developed hotel industry, as well as family tourism. Not far from Malinska is Porat, a quiet place where the population once lived from fishing, but today tourism has taken over the leading role. The name of the place comes from the Italian word porto, which means port. The beaches in Malinska and on the island of Krka are known as some of the best in Croatia. One of the advantages of the indented and wide coastline in Malinska is that the beaches, wherever you go, are never far away. The diverse coast of the island offers a wide range of beaches: from rocky, sandy and pebble beaches to hidden coves. Beaches for children, for the disabled, non-swimmers or the elderly, beaches for dogs, beaches for those looking for natural shade and proximity to parking spaces, lovers of sports activities and beach bars, but also an unofficial nudist beach - all this is offered by Malinska. The beaches in the Malinska-Dubašnica municipality are connected by numerous walkways and form a unique natural entity. The layout of the beaches varies from well-maintained concrete plateaus to wild, rocky, adventurous entrances to the sea, but also many more hidden and hidden places for swimming in small coves that are worth visiting. The beaches stretch along the western part of the island of Krk: they start along the Paradise road that connects Malinska and Njivice, and end behind the romantic town of Porto. Malinska is one of the destinations that families with children love the most. In addition to extremely good connections and proximity, primarily to Rijeka and Zagreb, Malinska, through its offer of family and hotel accommodation, beaches and catering facilities with acceptable prices, has established itself over the years as a TOP choice for many families. In addition, the security and peace offered by Malinska

are a special bonus for all parents looking for a real vacation. If you want your children to experience magic on vacation, where you can all carefree walk together, ride bikes or spend days by the crystal clear sea, surrounded by nature without too much noise - visit Malinska. A summer holiday can be much more than soaking up the sun and listening to the waves: active holidays are becoming more and more popular - from cycling, running and hiking to sailing and water sports. Due to its mild climate, clean sea and lush Mediterranean vegetation, as well as the abundance of paths and promenades, Malinska has become a destination for many lovers of outdoor sports and active vacations. Mediterranean culture, as the culture of the Croatian island, is immersed in family, architecture, music and food - its cultivation, processing, preparation and consumption. As the local population engaged in fishing, growing olives, vines, figs and sheep, the tradition was nurtured and proudly lives on today.
