Description

Description:	<p>ISTRIA, LABIN - Spacious land with a panoramic view On the southeastern coast of Istria, where green hills meet the sea, where nature and heritage meet, there are two small towns with different but mutually complementary characters - Labin and Rabac. The picturesque town of Labin rises on a hill 320 meters high, only four kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. Not far from the town of Labin, a spacious plot of land with a panoramic view is for sale. The residential building plot is immersed in peace, quiet and the charms of nature and offers complete privacy and an open view. According to spatial planning documentation, the land is located in an undeveloped, unorganized part of the construction area of the settlement with detailed construction conditions. The cadastral parcel is irregular in shape, the terrain is slightly sloping and partially overgrown with low and medium unorganized vegetation, it is accessed by an asphalted road, and the power, water and electronic communication infrastructure is located near the land. Due to its micro-location, configuration, proper ownership and documentation, this land offers an exceptional opportunity to build a family home or vacation home. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions: http://www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE:</p>
