Description

Description:

KRALJEVICA, ŠMRIKA - New construction with sea view The ground floor apartment with a living area of 75 m² is located in an extremely quiet and isolated location. It consists of a hallway, a bathroom, a storage room, two bedrooms, one of which has access to a terrace (20 m²) and an open space kitchen with a dining room and a living room from which there is access to a terrace (45 m²) with a panoramic view of the sea and the island of Krk . The room (30 m²) located under the terrace will be used as a pool engine room and a storage room for equipping the sunbathing area. This low-energy house with high-standard modular elements was built in 2023 on a plot of almost 600 m². Of course, great attention was paid to the insulation, so it is the same in the foundations with a thickness of 25 cm and in the roof 30 cm. The walls are lined with 10 cm of stone wool and 15 cm of styrofoam. The carpentry is PVC with blinds. There are air conditioners in all rooms, and a Norwegian radiator is also used for heating. The ceramic floor coverings are extremely high quality produced in Spain and Italy. Construction and furnishing were done according to FENG SHUI standards. The large yard allows for the construction of a swimming pool and an auxiliary building/garage, and the extension of the project includes the covering and side closing of the terrace in front of the living room. The possibility of raising the floor. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 31401
