Description

Description: Very spacious and nice apartment, with 4 large bedrooms, one of which has its own bathroom. A large balcony is located along the entire length of the apartment, from which it extends spectacular views of the Gulf of Rijeka and certainly provides an additional effect of comfort. The living room is really large and it is dominated by a fireplace, which creates an additional impression in the winter days, because with the crackling of the fire, you can observe the movement of the sea. Through the apartment is conducted centrally electric heating, but due to the quality of the facade and carpentry, the heating bills are very reasonable. The first beach is only a short walk away as well close to a new kindergarten, shops, public transport, and everything you need for a comfortable life. The center of Opatija is also only a few minutes walk away. ID CODE: 789
