Description

Description:

Land in an excellent location, first row to the sea. It is located near a well-established campsite, and according to the DUP, the land, since it meets all the conditions, is provided for GLAMPING. Water flows over the terrain and the access road has already been defined, so it could be put into operation in a short time. According to one of the conceptual sketches, it is possible to place and arrange 240 camping positions on the field. Each of the camping positions would have a view of the sea and its intimacy. Due to the extreme proximity to the sea there is no need to use the car during the holidays. The terrain is relatively regular in shape, coastal length of 450 meters, width of 120 meters and a slope of 12% which allows excellent usability. It is located near the road Punat - Stara Baška, and only 700 meters from the village Punat. Apart from being an excellent location due to all the facilities, it is also a beautiful holiday location - clear sea, pebble and rocky beaches, abundance of Mediterranean plants create the impression of a beautiful oasis waiting for its investors. Presentation and display of all details and cost estimates possible on request. ID CODE: 782
