Description

Description:	<p>OPATIJA, RUKAVAC - building plot with legalized house, sea view, quiet location In the exclusive DUX sale, we only offer fantastic building land for a family house or a building with apartments. It is a formed plot of land, square in shape, flat configuration with paved access, not far from Opatija, Matulje and Rijeka. The land itself has water and electricity, that is, the entire infrastructure needed for construction. The construction land offers a quality view of the sea, and the advantage is that the future house has an open view of the green hills of Rijeka and Tuhobić. The building site is located in a quiet and private street without traffic, so the future fenced house will have fantastic privacy from its neighbors. The property is clean and the papers are in order. The big advantage of this land is that there is a legalized, existing house on it, so that the future owner does not have to apply for a new building permit, but to modify and supplement the existing building. The drive to Opatija takes 10 minutes, and Matulje is only a 5-minute drive. OPPORTUNITY to build a family house or residential building near all</p>
