The facilities are in the VAT system. MALINSKA and its entire area is called Dubašnica and is located in the western part of the island of Krk. Until the 15th century, Dubašnica was almost without permanent residents, as well as the southern area from it, almost to the town of Krk. The name of the area comes from oak or oak, because there are rich forests and pastures with some arable land. Dubašnica was mostly an Omišalj area, as early as the 12th century, but part of it was also held by the people of Krč. Malinska, as the center of Dubašnica, once an island port for the export of wood, and a favorite tourist destination of the Viennese aristocracy. It is mentioned in the 15th century as a good anchorage where ships took shelter during strong winds, especially the strong south. With the arrival of the steamer in 1866, Malinska from a port for the export of wood, became a climatic health resort thanks to the mild climate with about 260 sunny days a year. Today it is one of the strongest island tourist destinations, known for its numerous beaches and developed hotel industry, as well as family tourism. Not far from Malinska is Porat, a quiet place where the population once lived from fishing, and today tourism has taken a leading role. The name of the place comes from the Italian word porto which means port. The beaches in Malinska and on the island of Krk are known as some of the best in Croatia. One of the advantages of the indented and wide coast in Malinska is that the beaches, wherever you go, are never far away. The island's diverse coastline offers a wide range of beaches: from rocky, sandy and pebble beaches to hidden coves. Beaches for children, for the disabled, non-swimmers or the elderly, beaches for dogs, beaches for those looking for natural shade and proximity to parking spaces, lovers of sports activities and beach bars, but also an unofficial nudist beach - all this offers Malinska. The beaches in the municipality of Malinska-Dubašnica are connected by numerous promenades and form a unique natural whole. The arrangement of the beaches varies from arranged concrete plateaus to wild, stone adventurous entrances to the sea, but also much more hidden and secluded places for swimming in small coves that are worth visiting. The beaches stretch through the western part of the island of Krk: they start along Rajska cesta, which connects Malinska and Njivice, and end behind the romantic town of Porto. Malinska is one of the destinations that families with children love the most. In addition to extremely good connections and proximity, primarily Rijeka and Zagreb, Malinska through its offer of family and hotel accommodation, beaches and restaurants with reasonable prices imposed over the years as a TOP choice for many families. In addition, the security and peace provided by Malinska

is a special bonus for all parents looking for a true vacation. If you want your children to experience magic on vacation, where you can all walk together carefree, ride bikes or spend days by the crystal clear sea, surrounded by nature without too much noise - visit Malinska. Summer vacations can be much more than soaking up the sun and listening to the waves of the sea: active vacations are becoming increasingly popular - from cycling, running and hiking to sailing and water sports. Due to its mild climate, clean sea and lush Mediterranean vegetation, as well as the abundance of trails and promenades, Malinska has become a destination for many lovers of outdoor sports and active holidays. Mediterranean culture, as the culture of the Croatian island, is immersed in the family, architecture, music and food - its cultivation, processing, preparation and consumption. As the local population was engaged in fishing, growing olives, vines, figs and sheep, the tradition was nurtured and lives proudly today. ID CODE: 32160
