terrace and a bathroom. The elegant, Mediterranean style of construction will delight you at first sight. The soothing earthy tones used in the interior decoration give you the feeling of a real home. The advantage of this property is certainly a spacious garden with a children's playground, a charcoal grill, a swimming pool of 56 m2, a garage with an entrance to the house and a private access to the property. The house has a built-in chimney for the fireplace, 5 air conditioners, oil-fired central heating, washable facade of German quality, internorm carpentry (PVC+ALU), video surveillance. Tiles are laid on the floor of the house, while laminate is laid in the rooms. Definitely an opportunity for all those who are looking for silence, away from the hustle and bustle of the city! Enjoy your own garden with Mediterranean herbs and olive trees with automatic irrigation, accompanied by the chirping of birds. Whoever visited Istria once, always returned to it. Throughout history, it has enchanted people primarily with its natural beauty, the coast, beaches and islands, the hilly landscape of the continental part and rich forests. The mild climate, warm sea and proximity to the main sea and land routes further favored the development of tourism in Istria.
