Description

Description:	<p>ISTRIA, LUPOGLAV - Building land suitable for a family house Lupoglav is located at the intersection of traffic roads, where the direction leading to the center of the peninsula separates from the direction Trieste - Rijeka. Today, it is the seat of a municipality that stretches all the way to the slopes of Učka and Čićarija and south to Boljunski polje. The settlement is full of newer detached houses, located around the road, but without the recognizable vertical bell tower that would immediately alert us to the center of the settlement elsewhere in Istria. That castle was located about 1.5 km east of today's settlement. In the very center of Lupoglav, there is a building plot full of potential. The property measures 962m² and has a regular rectangular shape. The land in Gređevin is for residential use, surrounded by family houses, and all facilities for a nice family life are located in the immediate vicinity. The surface of the land is flat, the land is fenced, and the infrastructure (electricity, water and telephone) is located in the immediate vicinity. Ownership 1/1, No load, Macadam access road, 25m away from the asphalt. The property is definitely worth your attention, located in a quiet micro-location, it represents an opportunity for a nice family life. Dear clients, the</p>
