Description

Description:	<p>ISTRIA, MARČANA - Building and agricultural land Marčana is a municipality in the southeast of the Istrian peninsula. It is located about 12 km northeast of Pula, the largest city in Istria. It is known as a destination for the sea, holidays, wine and olive oil. Marčana is an ideal destination for anyone looking for a vacation away from the summer bustle and overcrowded tourist centers - its 36 kilometers of coastline is the least urbanized coastal zone in Istria with crystal clear sea and lush greenery in the hinterland. A complex of construction and agricultural land with a total area of 2290 m² is for sale in a quiet settlement. The construction part occupies 1050 m², while the rest is agricultural land. The land is flat, cleared, and there are several olive trees along the edge. The access road is macadam 80 m long. Electricity and water connections are located nearby, while a septic tank needs to be built for wastewater needs. From the first floor of the future building, you could see the sea. The land is only 3.5 km from the first beaches, located in the surroundings of family houses and the last one in the construction zone, which will ensure the future buyer enough peace and privacy. Considering the location and proximity to the sea, this land is ideal for building a family home or real estate for tourist purposes. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 32877</p>
