wealth of architecture and cultural and historical monuments is rarely combined so charmingly with numerous art studios and the breath of youth that gathers there, especially in the evenings in cafes. Not far from Labin, the construction of a beautiful two-story house with a gross area of 210 m², i.e. 1920 m² net, will soon begin. The ground floor of 65 m² consists of an entrance area, a staircase, a large kitchen, a living room and a dining room arranged according to the open space concept in order to make the best use of the space. Downstairs there is a small toilet and a storage room. On the outside, there are two more large storage rooms for storing personal belongings. The living room provides excellent communication with a beautiful garden with a swimming pool. We climb the internal staircase to the first floor of the house, where there are 3 spacious bedrooms, each with its own bathroom. One of the rooms has its own wardrobe, which ensures practicality and gives the room more space for decorating. Two rooms have access to a spacious covered terrace that offers a view of the neighborhood. In addition to the rooms, there is also a beautiful gallery in the corridor, which the owner can use as he wishes. It can place additional beds, make a children's playroom or similar. The yard of 1,070 m² is decorated with beautiful ornamental plants. The covered area is great for hanging out with the family, while the pool is ideal for warm summer days. Covered parking is provided for your tin pets. Visualizations in progress. The location is ideal for a peaceful family life.
