Description

Description:	<p>ISTRIA, UMAG - Building land with a finished project, application for a permit submitted! Umag is an attractive Istrian town located on the far west of the Istrian coast and is well connected to other European countries. Umag, a city of tourism and sports, hides a rich history that can be felt while walking along the beautiful streets and promenades by the sea, and old buildings combined with modern parts of the coast are a great combination. The city and its surroundings are characterized by an extremely mild Mediterranean climate, a large number of sunny days and an exceptionally clean sea. Umag is a small town with a very branched and interesting coast with a variety of beaches. From sand and gravel, over stone and concrete to rocky beaches. In the hinterland there are beautiful hilly places-forts with incredible views and an amazing past, as well as many agritourisms with autochthonous delicacies and friendly hosts. About ten minutes' easy drive from Umag, there is a beautiful building plot of 626 m² with a finished project, a submitted application for a building permit and the received conditions! The land is for residential purposes, it is flat and has a regular shape. A project was created for a one-story house with two bedrooms and a swimming pool. Electricity and water are located right next to the plot! The plot is in a quiet street next to an asphalted road with little traffic, which will provide you with the peace you need</p>
