Description

Description: Poreč and its coasts are one of the most famous and most visited tourist areas on the Adriatic. The city of Poreč is one of the main tourist centers in Croatia, located on the west coast of Istria, a peninsula that mostly belongs to the Republic of Croatia. The streets of Poreč are paved with traces of great cultures, ancient, Romanesque and Gothic. A walk through Poreč offers you a series of interesting and beautiful scenes that will not leave you indifferent. A diverse offer, a large selection of hotels and private accommodation, hospitable hosts, a beautifully decorated town full of flowers and greenery are part of Poreč's rich tourist tradition. The peninsula on which the old town core of Poreč is located was inhabited 6,000 years ago. The old town itself is a unique cultural monument. The sacral complex of Euphrasiana with a basilica and bishopric from the 6th century stands out, among the most valuable Byzantine buildings in the world. The mosaics used to paint the interior and facade of the church are among the most beautiful preserved works of Byzantine art. We offer you a beautiful stone villa in the vicinity of Poreč. The villa is only 8 km from the center of Poreč and only 2 km from the sea. This villa could be called a stone beauty due to its design. The villa is detached and faces the sunny side of the world, which gives it additional beauty. The villa covers an area of 165 m² and consists of the ground floor and first floor. For lovers of Istrian stone houses and modern interiors, this house could be an ideal choice. The ground floor consists of an entrance area, an open space kitchen with a spacious living room and access to an outdoor covered terrace with

a summer kitchen, a lounge area for enjoyment and a view of the pool. It is important to emphasize that the pool is heated. Also on the ground floor there is a bedroom with its own bathroom and a view of the pool, a guest toilet and a technical room. Each house has its own specificity and its own story. On the lower floor there is a large balcony with a view of the olive grove. The view of the olive grove is almost enchanting. It is important to emphasize that the villa was decorated by a professional designer and she gave special emphasis to the details. The villa has higher ceilings than standard ones, which gives it a touch of luxury and uniqueness. Upstairs there are two bedrooms with their own bathrooms. One room opens onto a covered terrace with a beautiful view of the sea. If the buyer wishes, there is a possibility to fully equip the villa. The kitchen will be of the well-known CESAR brand of Italian design, which is known for its modern appearance and high-quality materials. The value of the kitchen is approximately EUR 50,000. The rest of the house will be equipped with designer furniture, which is also shown in the 3D view, and there is an Offer for the same that we can present to you during the viewing of the property. Additional payment for furniture is approximately EUR 40,000. The villa has underfloor heating, a crane, air conditioning. The carpentry is aluminum, and a thermal facade will be made.
