Description

Description:	<p>ISTRIA, BALE - Building plot in a quiet settlement One of the most beautiful Istrian jewels is the town of Bale, located on the western coast of Istria. This historic stone town is built on a hill surrounded by olive groves and vineyards and is 5 kilometers from the sea and the pristine coast. The 45th parallel passes through the municipality of Bale, that is, its southernmost part, which means that it is in the most ideal place - halfway between the Equator and the North Pole. The average annual temperature in Bale is 14 degrees Celsius, and they record an average of 2,400 sunny hours a year. Between Bal, Svetvinčent and Kanfanar, in a desirable and perfect location for living, there is this building plot of 518 m², which is the ideal square footage for making your dreams come true and building a perfect family home or house for tourism. The land has a regular shape and is slightly sloping. The approach is from a public area filled with gravel. Electricity and water are nearby, while a septic tank needs to be built to dispose of waste water. There is a possibility of buying a larger area. The land is located in a very favorable location, 20 km from Rovinj - the pearl of the Adriatic coast. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 33429</p>
