Description

Description: Three beautiful authentic stone houses from the 18th century, with a shared swimming pool and sunbathing area, located in a peaceful Mediterranean environment. Completely renovated in 2010, the houses are decorated with wooden beams, antique furniture and numerous historical details. Each house offers a spacious living room with a fireplace, a dining room and a fully equipped

kitchen. Floor heating and air conditioning are available in every room. The closed courtyard, surrounded by a traditional stone wall, is abundant with Mediterranean plants and is equipped with a barbecue. The first house has a living room with kitchen and fireplace on the ground floor and a bedroom and bathroom on the first floor. The second house has the same layout on the ground floor, while the first floor has two bedrooms and two bathrooms. The third house on the ground floor also contains a living room with a kitchen and a fireplace, and on the first floor four bedrooms and three bathrooms. The specialty of the first house is the tavern, which is ideal for holding weddings, celebrations and various gatherings. All facilities have a license to provide catering services such as restaurants. The real estate has been successfully used as a tourist rental for years with a high rating, which enables the future owner to continue the already well-established business. This unique property is distinguished by attention to every detail, and the fact that the restoration was carried out under the supervision of a conservator speaks of the quality and longevity of the work. For any additional information and viewing of the property, feel free to contact me so that I can offer you a personalized approach and a discreet service of finding properties according to your wishes and preferences.
