Description

Description:

Kaiser Immobilien offers for sale a luxurious penthouse only 500 m from the sea. The apartment is located on the West Coast of Istria in the most popular and favorite Mediterranean town of Istria, Rovinj. The location of the apartment as well as the city are equally attractive for the local population as well as for foreign tourists and new investments. This modern and meticulously designed project consists of a residential building with a total of six apartments of different sizes, designed with the aim of ensuring a high level of quality of living, which was achieved through a smart arrangement of rooms, the number of balcony openings, terraces, an elevator, a high level of built-in materials and equipment, etc... The building is located on a plot of land of 709 m² at a distance of approx. 500 m from the sea. It consists of four floors consisting of the ground floor, 1st floor, 2nd floor and penthouse, connected by a staircase and an elevator. The apartment has three bedrooms, two bathrooms, kitchen, living room and dining room, hallway, wardrobe, storage room, covered and uncovered terrace, elevator, Jacuzzi, one garage parking space and one parking space outside. Heating with heat pumps. Orientation Southwest. TECHNICAL DESCRIPTION OF THE PROJECT - base plate, walls, mezzanine and roof structure, load-bearing columns are reinforced concrete - partition walls in the apartments are made according to the Knauf W112 system, thickness 10 and 12.5 cm - two Knauf panels on both sides with mineral wool filling - additional thermal insulation towards all unheated areas - suspended ceilings in apartments made of KNAUF gypsum boards - by installing the highest quality materials and equipment, we ensured very low energy consumption and achieved a high energy standard A + - SCHINDLER elevator or similar - garage spaces and storage rooms inside the building, outdoor parking spaces - sensor lighting on the staircase and corridors - apartment on the ground floor with a yard - in the desire to ensure enjoyment in excellently lit living spaces, all glazed surfaces are of particularly large dimensions, while in the living rooms they are installed - panoramic walls - aluminum exterior joinery, glass with LOW coating, height 250 cm, lifting-sliding walls, aluminum blinds for protection from the sun with electric motors, same floor level - in the interior and on the terraces - a spacious terrace that is pleasant to stay in all year round thanks to the southwest orientation - SMART control system - top floor and wall coverings (three-layer oak parquet and large-sized tiles, stone-clad staircase) - thermal insulation from 10 to 15 cm with a final layer of noble finishing decorative plaster RÖFIX in natural tones - terraces hydro-insulated with the SIKA system or similar - as a source of heat and cooling energy inverter hybrid air/water heat pumps, underfloor heating and fan convectors are provided (apartments S2, S4, S6) - as a source of heat and cooling energy, inverter air conditioning units are provided, with additional floor heating in the bathroom (apartments S1, S3, S5) - built-in sensors for smoke and carbon monoxide detection in all housing units for additional safety of the entire facility - bathroom equipment from renowned manufacturers with high-quality faucets, walk-in shower, console-type toilet bowls with soft close lowering of the board,

low-noise drain and supply pipes - HORMANN entrance apartment doors are non-combustible T-30, height 225 cm (fire-resistant and anti-burglary) - interior carpentry HORMANN - waste disposal and recycling provided in a separate place outside the building Distance of the property to the place: Rovinj - Pula Airport, 39 km Rovinj - Ljubljana, 187 km Rovinj - Vienna, 574 km Rovinj - Prague, 897 km Rovinj - Munich If you are planning to start your new life in Istria in this luxury apartment, contact us with confidence at phone number 00385 923782803, or at the email address: ivana@kaiser-immobilien.hr.
