condition and is great for living but also for renting due to its strategic position. The house has electricity, water and gas. There is an air conditioner in the living room. Due to the quality construction and thick walls, it is very comfortable in the summer. A new roof was installed in 2014, and the facade is in excellent condition. The house consists of four bedrooms, one of which has access to a balcony with an open view of the sea. There is also a kitchen, dining room, one bathroom, two toilets and two storage rooms. On the outside of the back of the house, there is a laundry room that can be repurposed according to the wishes of the future owner.
