Description

Description:	Vrbnik is one of the oldest places on the island of Krk. It is located on the eastern side of the island of Krk on a steep cliff at an altitude of about 50 meters. Vrbnik is a typical coastal town with close-knit houses and narrow stone-paved streets. The most important economic branch in Vrbnik is agriculture, more precisely viticulture. Kaiser Immobilien presents a 120m ² semi-detached house in the center of Vrbnik. The house consists of two apartments, each on two floors and with a separate entrance. On the ground floor there is a corridor that leads to the upper

and lower apartments. The lower apartment has one room, a bathroom and a space suitable for decorating a business space (e.g. kiosk, souvenir shop). Stairs from the ground floor lead to the lower floor, where there is a second bathroom, an open kitchen connected to the living room. The upper apartment includes an open kitchen with a dining room, a room, a third bathroom and stairs that lead to the third room in the attic with a large terrace of 12 m² that offers a wonderful view of the sea and the town of Vrbnik. The house has no garden and no private parking. For all tenants of the old core, there is a public parking lot with a monthly fee not far from the house. The facade of the house was renovated in 2013, and the roof was changed in the same year. The interior of the house was renovated in 2018, with new installations for electricity and water.
