## Description

Description:

The real estate agency Kaiser Immobilien includes in its offer a just completed project of modern apartments in an extraordinary location in the most beautiful part of the famous summer resort of Medulin. It is a very high-quality new construction of two residential buildings (villas) with a total of 16 apartments, a garden, private parking and underground storage on a plot of land with a generous area of 2,000 m<sup>2</sup>. Each of the villas includes 8 apartments, three on the ground floor, three on the 1st floor and two on the 2nd floor. In addition to the top design and execution, the main advantage of this project is the top location only 100 meters from the coast with beautiful sandy beaches and all the accompanying facilities, including pedestrian and bicycle paths, playgrounds for various types of sports, swimming pools, moorings and a whole range of catering facilities. The apartments are from 43 to 90 m<sup>2</sup> and are located a few steps not only from the sea, but also from the surrounding bars, restaurants and shops. They are only a few minutes away from the center of Medulin, and the Pula Amphitheater as well as the international airport of Pula can be reached by car in about 15 minutes. This particular apartment is located on the ground floor and on a total area of 69.23 m<sup>2</sup> offers a large entrance hall (9.17 m<sup>2</sup>), a master bedroom (11.75 m<sup>2</sup>) with an en-suite bathroom (3.97 m<sup>2</sup>), a second bedroom (12.66 m<sup>2</sup>), second bathroom (3.97 m<sup>2</sup>) and living room with kitchen and dining room (20.91 m<sup>2</sup>). The living room has an exit to the balcony (6.80 m<sup>2</sup>) from which the stairs lead down to the garden. The garden in front of the apartment is included in the price, and for an additional fee it is possible to purchase an additional piece of the adjacent otherwise shared garden. All apartments have aluminum carpentry with automatic shutters, Daikin air conditioners, Italian ceramics, parquet in the bedrooms, interior doors from an Italian manufacturer, Grohe sanitary ware, etc. Each apartment has one outdoor parking space and a storage room of approx. 5 m<sup>2</sup>. Another big advantage is the fact that the project is sold directly by the investor and the buyer does not pay the real estate transaction tax of 3%! The project has just been completed and the apartments are ready for their new owners. An opportunity not to be missed!
