Description

Description:

Kaiser Immobilien is selling a beautiful semi-detached house with a swimming pool in the small Istrian town of Tinjan. The small town of Tinjan is located on the western part of the Istrian peninsula, only 20 km from Poreč. One of the significant traditions of this region is certainly blacksmithing, in whose honor a fair is traditionally held. Tinjan is known for the Istrian prosciutto fair, which is held every year in that place, where producers from all over the country gather, and is very popular among local residents and tourists. The mythical landscapes, medieval towns of central Istria, untouched landscape and rich heritage seem almost unreal. Right in one of the wonderful villages near Tinjan, there is this one-story house with a swimming pool under construction. This beautiful one-story house with a usable area of 85 m² is located on a plot of 550 m². The house consists of an entrance hall that leads to the kitchen with dining room and living room, from which there is an exit to the covered terrace (42,40) and the swimming pool (24m²) with a sunbathing area. The interior space consists of two more bedrooms, each with an area of 12.50 m² with its own bathroom, as well as storage space and an auxiliary toilet. Heating and cooling in the house will be arranged through electric underfloor heating and air conditioners will be installed. The carpentry is PVC in anthracite color with three-layer glass, mosquito nets, and electric blinds. An excellent opportunity for an investment in the form of a tourist rental, but also for those who are looking for a warm home. The planned completion of the works is expected at the beginning of summer in 2024. The price is formed for turnkey with sanitary ware and ceramics without furniture. There is a possibility of installing pool heating and various modifications depending on the stage of the house. Distance from the house: Pula Airport - 45 km Ljubljana - 166 km Munich - 566 km Vienna/Vienna - 590 km Prague - 816 km The price of this beautiful house is EUR 280,000.
